

Minutes of the Committee of the Whole meeting held June 7th, 2010 in the Council Chambers.

Present:

Mayor Delves
Councillor Cheer
Councillor Foster
Councillor Stewart
Councillor Traplin

Clerk/Treasurer Heather Nelson-Smith
Public Works Superintendent Pete Nelson-Smith

Mayor Delves called the meeting to order at 6:35pm

- Boil Water Advisory Update
- Water treatment plant project

Public Works Superintendent Pete Nelson-Smith updated Council on news from Northern Health regarding the boil water advisory.

Committee discussed pigging and line disinfection and council expressed concerns about not continuing pigging practices. Pete will provide Council with the written opinion from Northern health engineers on why this practice is not continued.

In addition Council also discussed the rate reduction as requested in a Council meeting and will resolve to compensate water users in the regular meeting of Council.

Council was also informed that despite the efforts of the staff to ensure that the Village remained un-chlorinated the permit had been changed to include this regulation late this afternoon. Staff will be contacting the Northern Health Authority in the morning to try to have this removed as per Council. Council and staff also agreed that a Frequently Asked Questions sheet should be provided for ease.

Pete Nelson-Smith also reported that the head engineer of Northern Health was reviewing the McElhaney report in regards to the recommendations of treatment for the Community water system.

- Enbridge
Council discussed another attempt to get Enbridge to make presentation to the Council prior to the Protocol meeting of June 24, 2010.

- Concession stands
Staff recommended that the concession stands be re-tendered.

- Park Trailer
There have been some bids received and Council will open them at the next in-Camera meeting.

The meeting was adjourned at 7:30 pm

Cory Delves,
Mayor

Heather Nelson-Smith,
Clerk/Treasurer
