Discussion was held and details were finalized concerning the "Christmas Caroling Sing-A-Long" to be held on Sunday, December 7th; The Sing-A-Long to last approximately one hour, 3:00 – 4:00p.m.; A mix of both Christmas carols and hymns; Social afterwards in St. Mark's serving hot chocolate and candy canes. The church bells will ring for five minutes prior to the commencement of the Sing-A-Long.

Public Works to have outside Christmas lights set up; Village office to have janitorial service scheduled, and to contact the school concerning participation from the children. Angela Mielecki and Deputy Clerk Ferretti to attend Sing-A-Long practices to ensure the Committee's intentions are honoured. Decorations inside St. Mark's will be managed by a subcommittee of Angela Mielecki, Joan Hein, and Betty Stewart. Date to decorate will be Friday, December 5th.

Fireworks Finale

Deputy Clerk Ferretti advised the Committee that on October 16th a meeting between CAO Mushynsky, Council and Trevor Jarvis of Masset determined the safest location for the fireworks is the Community Park as opposed to the Rainbow Wharf. We will plan for a 7:00p.m. showing. Trevor Jarvis will have the final say as to whether the fireworks will be a go as it is his licence. If necessary to postpone due to weather conditions, the date will be the following evening until we are successful. The Ambulance and Firemen will be on hand. Perhaps request the Rangers to do security detail.

On October 20th, CAO Mushynsky sent letters to businesses requesting donations towards the fireworks. To date there has not been any response. Council has approved \$6,000.00; approximate costs of the fireworks is \$4,500.00 - \$5,000.00; Payment for Trevor Jarvis' services will be in the form of equipment he requires to do the display for our celebration, which he will become the owner of.

Re: Foreshore Park area fronting 276 Bayview Drive.

I understand that approval has been given to a private uplands owner to continue activities in the riparian zone fronting the Yakoun Estuary. I find the cutting down of the various shrubs and bushes on and around the stumps visually unappealing not to mention the negative impacts to wild life.

I have no problem with a height limit being maintained on the shrubs and bushes to accommodate the view. But do have a problem with how the stumps are left exposed and how the shrubs and berry bushes are not left to naturalize the foreshore.

The result of this annual mowing is to leave a mowed area that is very difficult to move across as the many sharp stubs are all that is left of the bushes. If a child ran and tripped in this area and impaled themselves on one of these sharp stubs, who would be liable the village or the individual who did the cutting?

When we originally bought 276 Bayview Drive. The foreshore was naturalized with mostly shrubs and berry bushes. About 5 years ago the recipient of this recent approval, cut down most of the evergreens and all the shrubs and bushes, exposing the stumps and eliminating any wildlife habitat values. Our children witnessed the result, watching wood duck chicks being picked off by predators before reaching the water, due to lack of cover.

Does this approval apply to only the foreshore fronting the individuals uplands lot or does this approval apply to foreshore fronting other upland owners?

Does this management fit with parks legislation? Does this approval fit with a overall plan for the park?

If one individual is given authority to do what they want on public park land, how is the Village of Port Clements going to deny other upland owners the right to implement there individual visions for park management. What if the owners of 276 Bayview want to plant shrubs to hide the stumps, would that be approved and then the shrubs cut down by next uplands owner?

I would request that this approval be rescinded until a park plan is approved. I think the different visions of individuals have to fit with all uplands owners as well as Best Management Practices for water front parks.

Thanks,

Ten & Mont Found C-2

Re:

Business Façade Improvement

Background: NDIT has a 50% funding program to support economic development by encouraging the private sector to undertake business façade improvements. This means that private businesses could undertake specified façade improvements and get 50% of the eligible costs refunded to them by NDIT, but administered by the Village of Port Clements. If we wish to participate, an application should be submitted before the end of 2014 with the work to be done and reported on by December 31st of 2015. If we wish to be considered for 2015 we need a Council resolution to submit to NDIT. Port Clements took part in this program in 2013 when it was a brand new program and had pretty good participation by local businesses. We took part in the program again in 2014 but had zero participation. We have three businesses who have talked to me within the last month to say they are interested in the program but were just unable to get organized for the 2014 season and would like to see it available again in 2015. There are minimal costs to the Village for this program – some Administrative time, supplies, postage and advertising costs as well as some Council time to review approvals for applications from businesses.

Recommendation: I recommend that Council make a motion to support the application to Northern Development Initiative Trust for the Business Façade Improvement grant for the 2015 fiscal year. However, if we do not get reasonable participation in 2015 for this program we should probably not pursue it any further.

Respectfully submitted:

Re:

Mail in Voting

Background: The province passed legislation allowing for Municipalities to put policies in place for mail in voting under specific circumstances for the 2011 Municipal election. Prior to the 2014 election I checked to see how many small municipalities (population under 1000) had passed Bylaws and set up procedures for this practice and only found 2 municipalities who decided to do this. I found that several Regional Districts have decided to do this but SQCRD does not have this in effect currently. One of the two small municipalities who have decided to offer this option is Radium Hot Springs who have a large "absentee" landowner population. There are costs involved in adding this option for Municipal elections - specifically supplies, postage and Administrative time. I have attached the procedures adopted by Radium Hot Springs. I have also reviewed procedures from one city and one Regional District and I find them to all be quite similar. The redundancy of envelopes (3 for every vote) is a privacy requirement related to the regulations around mail in voting. For the 2014 Port Clements election I had 2 people inquire about the ability to mail in their vote before the election and 1 person make a request after the election for us to have this procedure in place for the next election. Although the next scheduled Municipal election isn't for another 4 years, we may want to consider whether we wish to proceed with this option so that it is in place should a Byelection become necessary anytime in the next 4 years as Bylaws related to elections need to be adopted approximately 4 months in advance of the actual election.

Recommendation: I request Council either makes a decision at this meeting whether or not to allow for mail-in voting, or, if more time for consideration or additional information is required, that Council adds this issue to the action item list.

Respectfully submitted:

(4) mail, or have delivered, the outer envelope and its contents to the Chief Election Officer at the address specified so that it is received no later than the close of voting on general voting day.

(d) Ballot Acceptance or Rejection

- (i) Upon receipt of the outer envelope and its contents, the Chief Election Officer or designate shall record the date of receipt and open the outer envelope to examine the certification envelope and the elector registration application, if applicable, and if satisfied as to the identity and entitlement to vote of the elector, the completeness of the certification, and that the requirements of Section 55 of the *Local Government Act* have been fulfilled shall mark the certification envelope as "accepted", open the certification envelope in the presence of at least one other person, and place the secrecy envelope into a ballot box specified for such purpose, where such secrecy envelopes were received from persons whose right to vote using a mail ballot has not been challenged, or where such challenge has been resolved and the challenged person permitted to vote.
- (ii) Where upon receipt of an outer envelope:
 - (1) the Chief Election Officer is not satisfied as to the identity of the elector whose ballot is enclosed, or;
 - (2) the application for registration as an elector has not been completed in accordance with Section 55 of the Local Government Act,

the certification envelope shall remain unopened and the Chief Election Officer shall mark the envelope as "rejected", note the reasons for the rejection, and the ballot shall not be counted in the election.

(e) Challenge of Elector

- (i) A person exercising the right to vote under the provisions of this Bylaw may be challenged in accordance with and on the grounds specified in Section 116 of the Local Government Act, until such time as the certification envelope is marked "accepted" by the Chief Election Officer or designate.
- (ii) The provisions of Section 116(2) to (5) inclusive of the *Local Government Act* shall apply where a challenge of an elector using a mail ballot has been made.

(f) Elector's Name Already Used

(i) Where, upon receiving a request for a mail ballot, the Chief Election Officer determines that another person has voted or has already been issued a mail ballot in the elector's name, the provisions of Section 117 of the *Local Government Act* shall apply, so far as applicable.

(g) Replacement of Spoiled Ballot
