# 11. QUESTIONS FROM THE PUBLIC & PRESS

Jean Horrocks – Where is the well being installed?

**Answer** – We do not know yet, awaiting consultation.

Craig Beachy – Just to recap on the Mud-bog, we are proceeding as usual. We are under the park insurance. Various CAO's in the past have looked into it and found that it is covered under the park's liability insurance (His response in regard to whether the Mudbog/other Canada Days events require additional liability insurance).

**Christy Konshuh** – In gratitude for the grant awarded for the summer playschool, sometimes grants require following up or reporting, is there anything I need to follow up with?

Answer -- Arrangements will need to be made and access scheduled. If you have a key you can gain access, but the janitor will need to be informed. Normally reports are not needed for grants awarded by Council, you can let staff and Council know that the project went well. There are also two follow up actions that you must do: we advise you to approach Haida Gwaii Rec to acquire liability insurance and asking you to request that Haida Gwaii Rec consider funding this project in the next fiscal year.

Dear Business Owner:

RE: Invitation and Request for Donations for Loggers Sports Day 2019

Sandspit Loggers Sports Day will be held on Saturday July 27. Mid-summer in Sandspit will once again be marked by a competitive day of sport, heritage and good times for people of all ages. Out of the competition will emerge a King, Queen, Novice, Junior and Peewee Logger with exclusive bragging rights for a year!

Loggers Sports Day is Sandspit's annual summer public event. In order to hold the event the Loggers Sports Day Committee relies entirely upon donations from local businesses and individuals and the time contributed by volunteers. Your generosity and contribution makes a significant difference to the success and size of the event and we are counting on businesses and groups to help us out again this year. Donations in the form of cash, gift certificates, gifts, and or supplies will be greatly appreciated and acknowledged at the event and published. Receipts for contribution will be issued upon request.

The Sandspit Loggers Sports Day Committee thanks you in advance for all you can do to assist with our annual Moresby Island tradition! We hope to see you and yours on the grounds July 27!

# **Haida Gwaii Community Forest Meeting Action Points**

On the morning of June 12, 2019, Trevor Russ, Vice President of the Haida Nation and MIEDS representatives Chair Doug Daugert, Janine North and Alanah Mountifield, met with MFLNRO staff Sharon Hadway, Risha Rushton, Steven Rogers, Randy Aitken, Daryl Sherban and Tom Johnson (BCTS) to discuss the proposed Haida Gwaii Community Forest. Participation was by video conference, teleconference and in person at the Haida Gwaii Natural Resources office in Queen Charlotte.

Dialogue resulted in an agreement to move forward with constructive and inclusive discussions (in person), towards a more positive outcome for a tenure opportunity.

Action points at the conclusion of the meeting were:

Ministry FLNRO staff will send communication to MIEDS to share with the board, communities and CHN that revokes the February 22/19 correspondence from Sharon Hadway to MIEDS that stated a July 15, 2019 'null and void' date for the Community Forest offer. The offer will be extended until after the Timber Supply data package has been released and an agreed upon length of time allows for MIEDS to independently contract an analyst to determine a sustainable AAC for the proposed tenure which would be presented to communities, public and the Ministry/CHN decision makers.

Sharon Hadway (Regional Executive Director) Steven Rogers and Randy Aitken (MFLNRO regional staff) will travel to Haida Gwaii to meet in person with MIEDS, CHN and BCTS representatives to discuss the options to move forward with a Haida Gwaii Community Forest, the information required and a workplan for consideration. A meeting before the end of July is proposed with Sangita Kumar (MFLNRO) designated to determine availability by doodle poll or another method.

Doug Daugert noted the need to be mindful of future flexibility that may be required for the Community Forest tenure if Haida Gwaii tenures or market pricing specifics change in the future.

RE: Haida Gwaii Protocol Agreement & Request for Submitting Gwaii Trust Letter

### **BACKGROUND:**

In 2004, the Village of Port Clements and the Village of Masset signed a Protocol Agreement (see attachment) with the Council of the Haida Nation (CHN). This document is a living document and has not been updated since it was first signed. The Village of Queen Charlotte and the North Coast Regional District have also signed their own Protocol Agreements with the CHN. The essence of the agreement is to have a collaborative approach to co-existing on Haida Gwaii and work together for the benefit of the communities on Haida Gwaii. This protocol agreement was included how the Communities would continue to work together, up to and after the possible outcomes from the Haida aboriginal rights and title land claims on Haida Gwaii. The agreement identifies that the CHN and the municipalities would design a decision-making framework to guide subsequent discussions.

In 2009, the Kunst'aa Guu-Kunst'aayah Reconciliation Protocol was signed between the Haida Nation and the Province of BC. This agreement was the initiation the process of possible land title settlement with the Haida Nation. It further is an agreement which both parties share joined decision-making with respect to lands and natural resources on Haida Gwaii as well as on socio-economic matters pertaining to children and families.

# **DISCUSSION:**

The Village of Queen Charlotte is requesting the Haida Gwaii Communities submit a letter to Gwaii Trust to obtain on-going funding for an All-Island Governance Structure for Haida Gwaii. Mayor Daugert has written his report "Establishing a regular basis for the Protocol Table" and provided some recommended motions for VOPC Council. By signing the letter, Council is supporting the idea of Gwaii Trust creating the funding program. If Gwaii Trust agrees to create a funding program for this initiative, the communities can hire a staff member to work on developing the decision-making framework identified in Protocol Agreements signed by the Communities on Haida Gwaii.

Establishing a Regular Basis for the Protocol Table

DRAFT Letter to Gwaii Trust for Signing

Village of Masset, Council of the Haida Nation, Village of Port Clements Protocol Agreement -

March 19, 2004

# Establishing a regular basis for the Protocol Table

Since the Protocol agreements were signed between the Council of the Haida Nation and the Civic Communities, there have been difficulties implementing it due to the vague terms and reference and no strategy for implementation. References to structure talk about "a public meeting held at least once a year" and there are no concrete directions on how agendas are set, what is the voting representation, or a decision making process. There is no mechanism suggested as to how an office is to be organized to take minutes or notes, arrange meeting times, follow up on questions, or do basic research on topics on the agenda.

Currently all Islanders are facing challenges that are common and require cooperation, including transportation, communication, business and educational opportunities, health care, energy policy, forestry issues including the Community Forest, and so forth. While not all can be solved by a meeting, those issues that can be best addressed by a common approach deserve the best direction we can give.

The other objective is not to increase the meeting workload of any of our government representatives and volunteers. To accomplish this, at a meeting between the CHN leaders and Mayors and Area Directors proposed a structure of setting up an independent office with a manager who would work with Community Leaders to arrange meetings (probably quarterly), set agendas to limit discussion to potentially constructive topics, provide background information, and deal with correspondence and inquiries, and maintain financial records, much like our other institutions.

The attached joint letter is an attempt to get this process established, but I have several reservations regarding the proposed letter. I realize the intention is to get the proposal before Gwaii Trust as soon as possible, and I am in favour of that objective, so I am recommending two motions that accomplish that.

MOTION: Whereas the Village of Port Clements and the other Communities of Haida Gwaii have had difficulties discussing issues of common concern between the Haida Nation and the Civic Communities; and Whereas the Protocol Table offers such a venue for discussion, but has been hampered by a lack of structure;

Therefore the Village of Port Clements supports establishing the Protocol Table with adequate resources to set regular meetings, set membership and agendas, and maintain records and communications sufficient to to address Community needs in a timely manner.

MOTION: Whereas the Village of Port Clements supports an expanded role for the All Islands Protocol Table in addressing issues common to all our residents; and Whereas the Gwaii Trust Society goals align closely with this proposal;

Therefore The Village of Port Clements supports the Protocol table in applying for Gwaii Trust funding to cover estimated start up and administration costs of approximately \$100,000 per year to be

continued for a two year term. Further ongoing funding to be dependent on a review of activities, expenses, and value to the Communities.

Re: Request for the Gwaii Trust Society to consider creating a special program to provide ongoing funding for an All-Island Governance structure for Haida Gwaii

On behalf of the All-Islands Protocol Table, this letter is to propose that the Gwaii Trust Society create an ongoing "Islands Governance" funding program to provide administrative and operational support for the All-Islands Protocol Table and the North/South/Central Graham Island Gwaii Trust Advisory Committees. The program would provide annual funds for an employee, and an operational budget to coordinate regular meetings, maintain records and and implement the agendas of the Protocol Agreements, while also supporting the role of the Advisory Committees as has been requested by the communities.

This funding would facilitate the implementation of the Haida Gwaii Protocol Agreements, signed between the Council of the Haida Nation and the Islands communities, in accordance with the stated purposes, goals, and objectives of the Society as stated in its Constitution and 2017-2022 Business Plan.

### Rationale:

Currently, the support available for Islands governance under existing Gwaii Trust programming is restricted to the Major Contributions Grant, which cannot be used for core funding, must be re-applied for annually, and requires 50% equity from government applicants. The All-Islands Protocol Table is respectfully requesting that the Gwaii Trust Society to create a special program to provide core funding on a long-term basis, without the 50% equity requirement.

Islands governance has consistently been identified as a top priority for Haida Gwaii's residents and governments in overcoming the multitude of challenges we face as the Islands Community; establishing a robust all-islands governance body is central to achieving the goals of ensuring healthy environments, individuals, communities, and economies on Haida Gwaii.

Island governance was identified as a top long-term priority at the Gwaii Trust Economic Development Forum in 2014, and included in the 2014 Gwaii Trust Vision and Mission graphic. The Constitution of the Gwaii Trust Society provides a broad mandate for the support of islands governance, while the Gwaii Trust Society 2017-2022 Business Plan gives more specific direction.

The Gwaii Trust Constitution states that the Society's purposes include:

- "2.(a)(iii) assisting in promoting the making of decisions by the Community that affect the economy and culture of the Community."
- "2.(a)(v) fostering the spirit of cooperating, cultural understanding, and trust by promoting the concept of the Islands as a Community."

5

# Page 2 – Special Program Proposal All Islands Governance

 "2.(a)(xii) providing, where appropriate, local municipal services in lieu of a municipality doing so."

The 2014 Gwaii Trust Society Vision and Mission graphic references the need for "fostering collective history respectfully" in the implementation of "all-island initiatives, [without] duplication of services." Most pertinently, this graphic identifies the All Islands Protocol Table as holding a "leadership role in facilitating islands economic development," with the "Future of Haida Gwaii" on the table in front of them.

At the 2014 Gwaii Trust Economic Development Forum, the summary of the Governance and Management sector discussions identified the need for "one all-island unifying body" and a "comfortable, fair governance system." This group specifically stated the "Island Protocol Table needs more resources – agreements need to be revisited (but not basic principles) and communities need to reconnect, build island unity." (p.11-12)

The Gwaii Trust Society 2017-2022 Business Plan incorporates these recommendations under Priority 3 - Healthy Islands:

"4.2 Improve Island governance by initiating partnerships and collaboration between local governments and supporting the development of an Island governance structure by 2022." (p.24)

# **Protocol Agreements:**

In these above stated purposes, vision, mission, goals, and objectives of the Gwaii Trust Society, the All-Islands Protocol Table recognizes significant alignment with its own purpose and agenda, as established in the Protocol Agreements between the CHN and islands communities.

### These Protocol Agreements state:

"The people who live on Haida Gwaii have a vested interest in the present and future well-being of the land, waters, and people of Haida Gwaii and that we all seek security for our family and homes.

- 1.1 The Parties intend to improve the quality of life and stability of the Island Community through responsible management of the resources of Haida Gwaii.
- 2.2 It is our intention to work together in common cause for the benefit and betterment of the Island Community.
- 2.4 Decisions that affect the well-being of our communities and these islands should be made by the people who live on island in accordance with the spirit of this agreement.
- 3.1 [The Parties will] work together in designing a future that will support a healthy environment and create a sustainable islands economy.
- 4.1 The Parties will design decision making framework to guide subsequent discussions.
- 4.3 [The Parties will] Investigate and discuss options and design an all island governance model.
- 4.5 [The Parties will] Identify and discuss economic development opportunities and needs for future growth."

The commonalities that exist between the Gwaii Trust and the Protocol Table are not entirely coincidental – these organizations both came into existence in similar political contexts on Haida Gwaii, as a result of island residents demonstrating unity and cooperation to achieve mutual local goals. While the Gwaii Trust Society predates the Protocol Agreements by over a decade, the Protocol Agreements seek to address many of the same issues with only a slightly different approach.

61

# Page 3 - Special Program Proposal All Islands Governance

In its Constitution, Bylaws, and Business Plan, the Gwaii Trust Society has acknowledged the boundaries and limitations of its role as a funding body for Haida Gwaii rather than a government, but also recognizes that its mandate as an organization representing all island communities as well as its financial resources place it in a unique position of power on Haida Gwaii. Through the history of the creation of the South Moresby Forest Replacement Account, the Gwaii Trust, the Gwaii Forest Charitable Trust and the Athlii Gwaii Legacy Trust, the people of Haida Gwaii have demanded that decisions that affect the well-being of Haida Gwaii must be made by residents of Haida Gwaii through equitable representative governance structures, such as the internal system used by the Gwaii Trust Society.

However, recognizing the limitations of the Gwaii Trust Society to act as an all-Island government, the All-Islands Protocol Table is seeking to advance discussions about strengthening unified island governance, with the goal of simultaneously implementing the agenda of the Protocol Agreements and advancing the priorities, goals, and objectives of the Gwaii Trust.

# **Community Alignment:**

On February 9, 2019 representatives of all of the islands governments met with Gwaii Trust directors and confirmed support for the existing Gwaii Trust governance structure. At this meeting, representatives discussed the topic of Gwaii Trust supporting an all-islands governance funding program, and the potential for mutual benefits for the Gwaii Trust Society in relation to their Advisory Committees.

On March 9, 2019, the President of the CHN, Haida Gwaii's municipal mayors and Regional District Directors met in Tlell to discuss the preliminary needs for designing a structure of all-islands governance, including rough budgeting, and agreed to take the next step to send this letter, formally requesting the Gwaii Trust Society support the creation of an all-islands governance funding program in consultation with the All-Islands Protocol Table.

The preliminary budget estimate is \$100,000 annually, divided roughly into \$60,000 for an employee position, and a \$40,000 operating budget for administration, hosting meetings, forums, etc.

We look forward to discussing this proposal further; we believe we can work together to unite and strengthen islands governance, and improve the wellbeing of the people, communities, and environments of our home on Haida Gwaii.
